***SECURING TOMORROW, TODAY!***

61<sup>st</sup> Annual Training Seminar  
June 10 - 12, 2025 | Kissimmee, FL

## PROGRAM

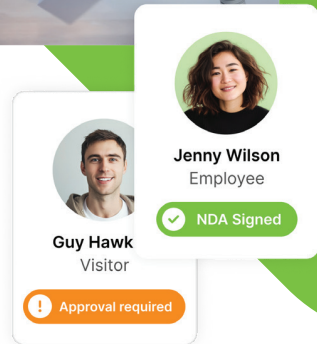

## ✔ Sign In Solutions

# Manual security checks and paper visitor logs put your organization at risk

Sign In Solutions delivers a fully integrated visitor and compliance management platform trusted by enterprise organizations to mitigate risk, ensure compliance, and support operational readiness.

Built for high-security environments, we help you:

- Automatically screen visitors against federal watchlists — no manual checks
- Generate audit-ready logs instantly with secure digital records
- Flag foreign nationals and unauthorized access in real time with built-in alerting
- Standardize visitor management across all locations with a unified, enterprise-grade platform
- Capture NDAs, safety briefings, and compliance documents right at check-in

**Simplify your compliance  
without compromising security**

**Visit us at Booth 600 to learn more**

- 15** 62<sup>nd</sup> Annual Training Seminar

## MESSAGE FROM THE NCMS PRESIDENT

---

On behalf of the NCMS Board of Directors, welcome to the 61st Annual Training Seminar! We are excited to be here in Orlando. The Annual Training Seminar is NCMS' marquee event, designed to equip you with everything you need to face the greatest challenges in our profession.

Our genuine hope is that each day leaves you with new knowledge, tools to enhance your security program, connections with fellow security professionals, meaningful professional development, and valuable time with the outstanding security vendors we've brought together. And of course, we hope you end each day having had a lot of fun!

Each year, the Seminar Committee builds upon the success of previous seminars to enhance the attendee experience. This year, we've extended help desk hours and increased the number of workshops. Be sure to arrive early to grab a good seat for our incredible presentations! The exhibit hall is a must-visit. In addition to discovering the latest products and services to strengthen your security program, you'll find a professional photo lounge, Exhibitor Commercials, and career development opportunities like resume reviews and 5-minute mentoring. This Seminar offers knowledge, skills, and friendships that will support you throughout your career.

We will also take time to recognize and honor those who give back to the Society and exemplify professional excellence. We're proud to host the Defense Counterintelligence and Security Agency's (DCSA) Annual James S. Cogswell Outstanding Industrial Security Achievement Awards Ceremony. This event celebrates companies that have demonstrated the highest standards of security excellence over the past year. Congratulations to the 2025 Cogswell Award winners!

Hosting a Seminar of this scale takes a tremendous amount of support. Each year, a dedicated group of volunteers steps up to make the event a success—checking badges, assisting with registration, providing directions, supporting the Seminar app, and much more. On behalf of the Seminar Committee, THANK YOU to everyone who volunteered this year. You will also see our management company, MMCo, working hard throughout the week to ensure everything runs smoothly—we couldn't do this without them. Special thanks goes to Seminar Chair Stevie Dahl, ISP®, Vice Chair Sarah Turner, ISP®, and the entire Seminar Committee for their tireless efforts over the past twelve months. Your hard work has made this event possible.

Partnership, volunteerism, and a shared passion for our mission are what make this Seminar truly special. I'm grateful to you all and cannot wait to see you.

Warm regards,  
Darci Fisher, ISP®  
NCMS President

# SCHEDULE AT A GLANCE

# NCMS SUPPORTS AMERICA'S VETDOGS & THE BLUE ANGELS FOUNDATION

Since 2013, the NCMS Board of Directors has selected America's VetDogs as a beneficiary of our charitable efforts at the Annual Training Seminar. We are proud to be a corporate sponsor for America's VetDogs and are proud to support their important mission.

America's VetDogs is dedicated to providing assistant dogs, FREE of charge, to veterans of all eras who have sacrificed so much for this country, as well as first responders, including fire, police and emergency medical personnel. Service dogs are specially trained to help mitigate a veteran's or first responder's disability; the two form an unshakable new bond of loyalty and trust as they work together as a team.

The Blue Angels Foundation's mission is to support wounded veterans by providing funding for critical services and access to the best care available in the nation as they transition back to the civilian community.

With a focus on transitional housing, post-traumatic stress treatment and suicide prevention, we have partnered with key organizations that help veterans restore self-esteem, build confidence, and provide hope for the bright future they deserve.

NCMS is proud to partner and support the Blue Angels Foundation.
